

2009 "Short Courses" in Asphalt Paving Best Practices

The Colorado Asphalt Pavement Association, in cooperation with the Rocky Mountain Asphalt Education Center, is pleased to offer "Short Courses" in Asphalt Paving Best Practices.

Tom Clayton, SET, Director of Training and Member Services, supports our member companies, and Agencies with his instruction and expertise in Asphalt Paving Best Practices. Tom's work experience includes 30 years in the Industry with more than 24 years spent in the Geotechnical Engineering industry. His primary areas of technical knowledge include highway projects, commercial and residential projects, and Inspection during runway construction at DIA.

Choose from topics listed, or request additional topics, to customize your employee training day. Topics may be tailored to meet your company specifications. These "short courses" are offered exclusively to our member companies at *no charge*. For additional information, or to discuss training with Tom, please contact him at the Rocky Mountain Asphalt Education Center - 303-741-6148.

List of Short Course Topics

Select the topics you would like presented. Allow for 30 - 60 minutes per topic. Presentation time may vary depending upon topic detail and class discussion.
