Inspector Prerequisite Documentation

Inspector prerequisite documentation is not required to audit the Inspector certification session. However, if at a later date, Inspector certification is required, all Inspector prerequisite documentation must be satisfied to qualify for certification. Required prerequisites include: work experience, verification of proficiency in Inspection elements, and LabCAT Level A certification, which may be current or expired. Please see LabCAT Inspector Registration for details.

Completing the session for Inspector Certification

Participants who have audited the Inspector certification session may choose to re-register for the entire certification session (classroom presentation and exam), or register for the exam portion only, to complete the Inspector Certification. Those who elect to sit for the exam only, will pay the difference between the Level I fee and the Education Course.
