

**Rocky Mountain Asphalt  
Education Center**

The Colorado Asphalt Pavement Association (CAPA) in cooperation with the Rocky Mountain Asphalt Education Center (RMAEC) offers short courses in the best practices for asphalt paving and maintenance.

Tom Clayton, SET, RMAEC Director of Training and CAPA Member Services, provides instruction and expertise. His work experience includes 40 + years in the industry with more than 24 years in the Geotechnical Engineering field. Tom is the RMAEC instructor for APM Inspector Certification.

His primary areas of technical knowledge include highway projects, commercial and residential projects, and inspection during runway construction at DIA. Choose from the topics listed, or request additional topics to customize your employee training day. Short courses are offered exclusively to our member companies at *no charge*.

Select the topics you would like Tom to present. Allow 30 - 60 minutes per topic. Presentation time may vary depending upon topic detail and class discussion.
