Rocky Mountain Asphalt Education Center

2027 INTRODUCTION TO PC/OA TESTING

"Introduction to PC/OA Testing" is an introductory course designed to teach current CDOT and AASHTO test procedures used in the Process Control (PC) and Owner Acceptance (OA) of asphalt materials. This training is useful for entry level technicians who are preparing for asphalt technician certification, as well as seasoned technicians who may be re-entering the testing arena. Inspectors and Engineers who want more knowledge about testing procedures, how they are to be carried out during a paving project, and basic information on how test results may affect the quality of the pavement will benefit from this course.

The training includes classroom instruction and hands-on experience in the laboratory.

The course format is divided into three separate courses. Please review schedule below. Participants may register for any combination depending on the information desired.

Day 1: Level A - Laydown Operations
Day 2: Level B - Plant Materials Control | Level C - Volumetrics, Gyratory, Stability & Lottman
Day 3: Level E - Aggregate | please note, Level E is only available on select dates

SESSION DATES

- ☐ January 19 - 20*
- ☐ March 9 - 11
- ☐ May 4 - 5*
- ☐ October 5 - 7

*please note, Level E is not offered on these sessions

LEVELS	CAPA MEMBER/CDOT	NON MEMBER
☐ ABCE	$425	$525
☐ ABC	$325	$425
☐ AB	$225	$325
☐ A	$175	$225
☐ B	$175	$225
☐ C	$175	$225
☐ E	$175	$225
