ECONOMIZER

OUR HEAVY DUTY MODELS. UP TO ANY CHALLENGE.

All construction projects have one thing in common: They require load-bearing subsoil. Which is why single drum rollers and soil compactors play a crucial part in the construction process. Specifications, however, are highly diverse. A contractor working next to a listed house has to use a compaction method which is entirely different from that used in conventional road construction. BOMAG offers a wide range of single drum rollers and soil compactors for every type of work.

CONTACT POWER EQUIPMENT COMPANY

For all of your BOMAG equipment, parts, and service needs in Colorado. With branch locations in Denver, Greeley, Colorado Springs, and Grand Junction, we are here to support your business.

A Message From The President. . .

A Fresh Look.
As the newly elected President of the CAPA Board of Directors, it's my honor to help lead the organization into the coming year. The pandemic has forced us to adapt and find new ways to serve our industry. As we look forward to the challenges of 2021, the CAPA team is poised to take a fresh look at how we deliver the services and benefits of membership so as to continue our quest in advancing the use and quality of asphalt pavement in Colorado.

Advancing Innovation & New Technology: The 48th Annual Rocky Mountain Asphalt Conference & Equipment Show will not be held in February. The plan for 2021 includes the "Top Ten" Virtual Training Sessions with an emphasis on Safety Innovations and two WE LOVE ASPHALT Appreciation Day/Equipment Expos on April 30 in the Denver Metro area and on May 5 in Grand Junction.

Promoting Quality Achievement: Our 2019 "Best in Colorado" Asphalt Award Winners are showcased on pages 33-40. We are proud of the work of our members and competition is fierce in a variety of award categories. On February 25 we have planned an Awards Recognition event to celebrate the achievements of our industry.

Strengthening Training and Education: The LabCAT Program showed great resiliency in 2020 by adapting to the health and safety restrictions of Covid-19. We once again received a near perfect rating – with over 95% of all 2020 attendees indicating the program as either Good or Excellent in both quality and benefit. The 2021 schedule includes a trip to Durango to serve those in southwest Colorado.

Increasing Street/Road Funding: Two bright spots of the 2020 Election were the successful passage of ballot measures in both Adams County and the City of Greeley for street/road improvements. CAPA provided support for both and are poised to assist any municipality that is looking to establish an asset management program or to engage citizens in voter approved infrastructure improvement efforts.

I encourage all of our members to take advantage of the many resources CAPA offers and to let me know if you have any suggestions on how we can better serve the asphalt industry of Colorado and our owner/agency partners.

Mike McDonald,
CAPA Board President
Asphalt Program Manager,
Kiewit Infrastructure Co.
Centennial, CO,

A Message From The Executive Director. . .

Welcome to the 2022 CAPA Membership Directory! We trust that this publication will be a valuable resource and help you stay connected with our membership and agency partners. Member and agency listings have been updated, a Workforce Development section added, and care has been given to provide current information on all of our service and product providers.

We thank our publisher Jo Taylor of Coterie Press/CPWJ and Tom Clayton of the CAPA staff for their hard work in putting together another top notch directory. We are very appreciative of the support of our advertising sponsors. A special thank you to each of the companies listed below.

Haylee Sutton

Randall Loveland

The Colorado Asphalt Pavement Association Scholarship was established in 2008 by CAPA, a nonprofit trade association representing Colorado's asphalt industry and is awarded to a junior or senior who maintains a 2.8 GPA or better and demonstrates an interest in asphalt technology and/or the road construction industry. The 2021 recipients are:

Haylee Sutton. I am from Mead, Colorado. I grew up around construction, but really fell in love with it through the Construction Management program at CSU. When I am not working I really enjoy riding my dirt bike and spending time at the lake. I am really excited to graduate and intend on working in civil construction. I have worked with Kraemer North America since 2019. I have been a full time intern during the past two summers and also work part time during the school year. In the 2019, I was an Intern on the North I-25 Express Lanes project. In 2020, on the E470 Widening project. I am extremely grateful for the scholarship awarded to me. I am so honored to to be gifted this scholarship. Thank you for believing in my potential to make a difference in the industry. I intend on making a difference in the construction industry

Randall Loveland. I am a Colorado native from Castle Rock I maintain and repair my own vehicles and I own my own landscaping company. My career objectives are to move up to project managament in the heavy civil industry. I will be doing a three month internship this summer with Envirocon and I will be an intern field coordinator. I can't wait to get hands on experience in the field and start networking. I think that environmental construction is the best place to start in the heavy civil sector because it is the most basic of the heavy civil projects. That will give me an advantage in learning the operations part of construction before moving on to horizontal construction when things get more complicated. Thank you so much for the scholarship, it will go a long way. It will take some stress out of my life and I will be able to focus on school instead of money. It feels good that there are people in the field that want to help me succeed before I have even graduated. CSU has been a great university to help prepare me for my career in construction management.

CAPA's Lunch & Learn Series

The CAPA Lunch & Learn Series is a 'No Cost Service' to memebers and agency partners that provides training on the latest information, technology, and applications for asphalt pavements. Presentations are 60 to 90 mins, tailored to meet your needs, and we will come to your office to make it convenient for you and your colleagues. PDH/CEUs are available.

Pavement Preservation	Pavement Design	Asset Management	Porous Asphalt
Perpetual Pavement	Street Program Funding	Life Cycle Cost Analysis	
Thin Lift Overlay	Rubblization of PCCP	PG Binders / Mix Selection	

Contact Mike Skinner, Director of Engineering at 303.741.6150 ext. 155 or email at mikeskinner@co-asphalt.com to schedule a session or learn more about this program.

Professional Development Hours (PDHs) will be issued upon completion of the session.

Lunch & Learn

2022 SHORT COURSES - BEST PRACTICES IN ASPHALT PAVING AND MAINTENANCE

CAPA, in cooperation with the RMAEC, is pleased to offer short courses in the Best Practices for Asphalt Paving and Maintenance.

Choose from topics listed, or request additional topics, to customize your employee training day. Topics may be tailored to meet your company needs or interests. These short courses are offered exclusively to our member companies at no charge. For additional information, or to discuss training with Tom, please contact him at the Rocky Mountain Asphalt Education Center 303-741-6148 ext.151.

2021 Member of the Year
Tammy Buck, Yeh & Associates.

Yeh and Associates, Inc. Consulting Engineers & Scientists

The member of the year is selected each year as a person who exhibits great partnership and commitment to the Colorado Asphalt Pavement Association in advancing our goals and mission.

Tammy Buck started at the Colorado Department of Highways in 1983, following in her Dad's footsteps. She worked in a few different areas but kept coming back to Construction Materials Testing. She worked for what became the Colorado Department of Transportation and retired from there in 2014 with 30 years, retiring as a Residency Materials Manager. She has worked for Yeh and Associates since September 2014 as a QA Field Manager. Tammy donates her time as the Vice President of the Women of Asphalt - Colorado, Proctoring for LabCAT, was the Proctor fo the year in 2004. She sits on several other committees and task group for CAPA.

Past Members of the Year

2020 - Pat Hill City of Greeley
2019 - Eric West, Westest
2018 - John Cheever, Aggregate Industries, WCR
2017 - Grant Cruseturner, Brannan Sand and Gravel
2016 - Woody Maphis, Ninyo and Moore
2015 - Keary Brown, APC Construction
2014 - Mike Horn, Foothills Paving and Maintenance
2013 - Lyman Wilkenson, Premier Paving, Inc.
2012 - Corey Muller, Moody Insurance Agency
2011 - Jarrett Welch, United Companies of Mesa County
2010 - Mike Scardina, BG Chemical
2009 - Mike Skinner, Stantec
2008 - Dan Stephens, Vance Brothers
2007 - Jim Fife, Western Colorado Testing, Inc.
2006 - Duaine Covert, Roadtrac, Inc.
2005 - Tom Hormel, McVehil-Monnet Associates, Inc.
2004 - Doug Corley, Power Equipment Co.
2003 - Jim Wilkins, Wagner Equipment Co.
2002 - Bruce Barbarick, ASAP Companies

"The strength of the CAPA organization is our membership. We greatly appreciate the support of each of these new members and look forward together to advance the use and quality of asphalt pavements in Colorado."

30th Annual CAPA Scholarship Fund Raiser Golf Tournament

HOLMES MURPHY

APWA Colorado Chapter

The 30th Annual CAPA Cup Golf Tournament & Scholarship Fund Raiser was a wonderful succuss. 212 golfers enjoyed a day on the links at the Fox Hollow Golf Course in Lakewood. It was a beautiful day and we raised over $10,000 for the joint CAPA/APWA Colorado Chapter/NCAT Asphalt technology Scholarship Program at NCAT (Auburn University). We thank all of our sponsors including NEW Title Sponsor, Holmes Murphy. It was a cold start to the day with clouds and cool temperatures. The sun came and everybody had a great time. The round of golf was followed by a BBQ Awards Luncheon.

Congratulations to the Award Winners First Place: The ARS Companies Team of Rich Hauser, Seth Johannes, Mark Reynolds, and Nick O' Donnell. The foursecond flight winners were the team from Power Motive Corp and the third flight was won by a team from Martin Marietta Southern.

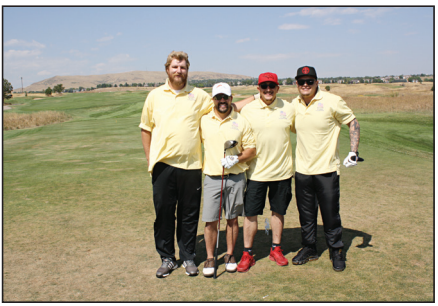

Sponsorships and Door Prizes for the Tournament Were Provided by the Following Companies:

RMAEC Webinars

Convenient, Affordable, On-Target

The CAPA/RMAEC Webinar Program brings you the best in educational programming on a wide range of subjects, from technical topics to marketing to industry news. Keep up-to-date – even earn CEUs – without leaving your desk!

All about asphalt, all the time!

www.co-asphalt.com/webinar-home.htm

Webinar Sponsors!

To inquire about the opportunities to be an RMAEC Webinar sponsor, contact Tom Clayton @ 303-741-6148 or tomclayton@co-asphalt.com.

Scheduled Webinars in 2022

- Janaury 6: Asphalt Industry Overview – Market Conditions, Trends and New Developments, Featuring Tom Peterson, and Mike Skinner CAPA
- Janaury 27: Liquid versus Lime as an Anti-Strip Agent
- February 10: Designing for Performance, Differences between Highway and Municipal Roadway Infrastructure Programs
- March 10: A review of the updated MGPEC Asphalt (Item 20) Specification
- April 16: Best practices for Applying Compactive effort
- May 12: P.G. Binders uses for Local Agencies and State Highways (Presented by Ryan Proctor/Suncor)
- June 16: Managing the Placement Surface Treatments
- July 28: An Update on the Implementation of BMD in Colorado
- August 11: An Update on the used od EPD's in Colorado
- September 22: Best Practices for Effective APM Placement through the PAVER - Presenter: Manufacturers Expert
- October 13: Designing for Performance, Differences between Highway and Municipal Roadway Infrastructure Programs
- October 27: Cold Weather Paving

Webinars may be held with any or all of the listed topics. If you have a suggestion or topic you would like to see presented, contact Tom Clayton, tomclayton@co-asphalt.com 303-741-6150, ext. 151 or Cell: 303-902-2439

We Thank our Volunteer Proctors!

LabCAT
Laboratory for Certification of Asphalt Technicians

2022 Schedule of Standard Certification Sessions:
Levels A, B, C: January 18-20, February 1-3, February 15-17, March 1-3, March 29-31, April 19-21 (Grand Junction) , May 3-5, June 7-9, July 12-14, August 9-11, September 20-22, October 11-13, November 8-10
Level A only Certification Sessions: February 24, March 8, April 6, May 19, June 15

2022 Schedule of Streamline Re-Certification Sessions:
Levels A, B, C, E: January 25, February 22, March 9, April 5, April 18 (Grand Junction), May 18, June 14, September 27

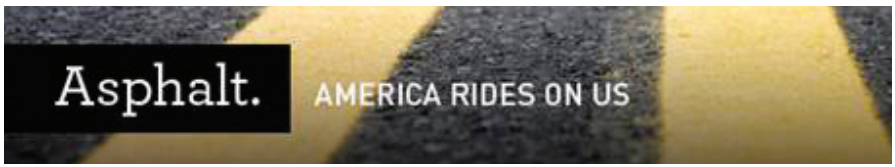

Technician Certification:
Certification is required by CP-10 for anyone performing aggregate properties tests for asphalt mixture designs for CDOT projects. A wallet card is presented to each successful candidate who passes the requirements of the LabCAT program for this level.

2022 Schedule of Aggregate Technician Certification Sessions:
Level E: Janaury 26, February 22, March 6, April 5, April 21 (Grand Junction), September 28

Registration and prerequisite information may be found at

co-asphalt.com/labcat/technician registration

Asphalt Paving Materials (APM) Inspector Certification:

Inspectors on CDOT projects are required to have Inspector certification and a current or expired Level A certification. Inspector Certification includes the following: Inspection Elements, Reading Specifications, Surface Preparation for Asphalt, Materials Transfer, Sampling of Asphalt Mixtures, Paving Operations, Compaction Process, High Speed Inertial Profiling and Mat Defects

2022 Asphalt Paving Materials Inspector Certification Sessions:

Janaury 6, January 27, March 15, April 18 (Grand Junction), April 26, July 26, October 18

APM Inspector Streamline Re-Certification Sessions:

March 16, July 27, October 19

LabCAT Certified Technician
Rocky Mountain Asphalt Education Center
CDOT
U.S. Department of Transportation Federal Highway Administration

Proctor of the Year Award for 2021:

Each year the LabCAT program honors one of the "Volunteer Supplemental Examiners" (Proctors) for their time and effort in providing assistance and guidance for those attempting certification and re-certification.

Scott Mueller, CDOT Region 4

Started in Highway construction in 1986, working for Grasser Construction, North of Otis. I remained in road construction through 1989. In May, 1990, I went to work for the Colorado Division of Highways as a temporary.

On July 1, 1991, I was hired as a permanent employee in Greeley. That was also the day that the Division of Highways became the Colorado Department of Transportation.

I was already proficient in materials testing, having learned from some of the greatest testers in Dave Darling, Bob Scantland, and Virg Harper. They were the best.I had my ACI certification for concrete testing, and then when CAPA became required, I'm sure I was one of the first ones to obtain that certification.

My Dad, Duane Muller worked for CDOT from 1959 to 2003 and my oldest son, Andrew has been working with me at CDOT in Sterling since 2011. My wife Janet and I have 12 children and 13 grandchildren with a couple more on the way. We enjoy hunting and traveling to see grandbabies!

Scott Mueller

Proctor of the Year

2021 - Scott Mueller, CDOT
2020 – Nick Zilm, A.G. Wassenaar, Inc.
2019 – Joleigh Doudy, CDOT R-1
2018 – Aaron Klingsmith, Ground Engineering
2017 – Paul Kinnes, CDOT
2016 – Grant Mathers, Kleinfelder, Inc.
2015 – Ryan Zoetewey, Cesare, Inc.
2014 – Leslie Kochis, CDOT Region 1
2013 – Neomia Roach, Brannan Sand and Gravel
2012 – Paul Wiggs, El Paso County
2011 – Andrea Hebard, CDOT Region 6
2010 – Johnny Lam, CDOT Central Lab
2009 – Patrick Kowing, FHWA Denver Laboratory
2008 – Kristin Moran, City of Aurora
2007 – Bob Wilson, CDOT Region 1
2006 – Rich Katzer, Carter & Burgess
2005 – Clayton Goodwin, City & County of Denver
2004 – Tammy Buck, CDOT Region 6

Rocky Mountain Asphalt Education Center Education Programs

Introduction to PC/OA Testing

"Introduction to PC/OA Testing" is an introductory course designed to teach current CDOT/AASHTO/ASTM test procedures used in the process control and owners acceptance of asphalt materials. This training is useful for both entry level technicians who are preparing for asphalt technician certification, as well as for more seasoned technicians who may be re-entering the testing arena. Inspectors and Engineers who want more knowledge about testing procedures, how they are to be carried out during a paving project, and basic information on how the test results may affect the quality of the pavement, will benefit from this course.

The training course includes classroom instruction and hands-on experience in the laboratory. The course format is divided into four separate one-day courses, covering one level per day. Participants may register for any combination depending on the information desired.

Day 1: Level A - Laydown Operations
Day 2: Level B - Plant Materials Control
Day 3: Level C - Volumetric, Gyratory, Lottman and Stability
Day 4: Level E - Aggregate

2022 Schedule of Introduction to PC/OA Testing Sessions:

January 11-14 March 22-25, June 24-27, August 2-5, and October 4-7
Check www.co-asphalt.com/rmaec/education-and-seminars for specific date.

Short Courses in Asphalt Paving Best Practices:

The Colorado Asphalt Pavement Association, in cooperation with the Rocky Mountain Asphalt Education Center, is pleased to offer 30 to 60-minute "Short Courses" in Asphalt Paving Best Practices. Tom Clayton, SET, Director of Training and Member Services, supports our member companies with his instruction and expertise in Asphalt Paving Best Practices. Topics can be viewed at www.co-asphalt.com/rmaec/education-and-seminars or contact Tom at the Rocky Mountain Asphalt Education Center at 303-741-6148 ext. 151 or via email at tomclayton@coasphalt.com for more information.

Asphalt Conference and Equipment Show Scheduled for 2022!

The Asphalt Conference and Equipment Show is back in 2022. The venue is changed and will be bigger and more robust. The Conference and Equipment Show will have a new look and exciting displays and Educational Session

Registration opened for attendees and vendors in November, 2021 and will remain open until the show in February

The Opportunities of a Career in the Asphalt Industry of Colorado include:

- *Excellent Benefits*
- *Responsible Positions*
- *Competitive Pay*
- *Career Advancement*

Employment Opportunities in the Asphalt Industry of Colorado
Are you ready for the Career you've been looking for?
Shouldn't you work in a position where it is more than just a job but a career?
Can you imagine yourself in the Hot Mix Asphalt Paving Industry?
Find out how you can move into this ever-expanding field!
The opportunities for advancement are tremendous. Employees who prove themselves in entry level positions can move into higher paying jobs with increasingly more responsibility, such as supervisory and management positions.

It's time to make your move!

Training is an important part of the Hot Mix Asphalt Paving industry.

ASPHALT JOBS BY THE NUMBERS

111,470
Total number employed in the refining sector, which produces liquid asphalt
SOURCE: U.S. Department of Labor, Bureau of Labor Statistics

343,120
Total number employed in the construction of highways, streets, runways, roads, and bridges
SOURCE: U.S. Department of Labor, Bureau of Labor Statistics

102,000
Number of employees in the aggregate industry
SOURCE: National Sand, Stone & Gravel Association

59,860
Number of construction equipment operator jobs in the Heavy and Civil Engineering Construction sector
SOURCE: U.S. Department of Labor, Bureau of Labor Statistics

253,840
Number of civil, environmental, and geotechnical engineering and surveying jobs
SOURCE: U.S. Department of Labor, Bureau of Labor Statistics

9,230
Number of chemist and materials scientist jobs related to the sector
SOURCE: U.S. Department of Labor, Bureau of Labor Statistics

95.7% WHAT MEN EARN
Gender pay gap for women considerably narrower in the construction industry
SOURCE: U.S. Department of Labor, Bureau of Labor Statistics

13,000
Number of jobs created for every $1 billion of federal investment
SOURCE: The Council of Economic Advisors

15,735
Number directly employed in manufacturing asphalt pavement mixtures
SOURCE: U.S. Census Bureau

The U.S. Department of Labor and Census Bureau numbers above represent employment in these industries through 2018. While there is no way to single out asphalt-related positions in all these sectors, these numbers provide the best indicators available on overall employment related to the design, production, construction, and maintenance of asphalt pavements.

Colorado Asphalt Pavement Association

STAY CONNECTED WITH ASPHALT

THE Road Ahead Magazine

Published twice per year as an insert in the Colorado Public Works Journal. *The Road Ahead* is an invaluable resource not only to CAPA members, but also to our agency and consultant partners. Available in a print and digital form.

Membership Directory and Buyer's Guide

An annual publication that is referenced throughout the year by members to stay connected with fellow industry professionals or who are in need of products and service solutions.

In Front of The Paver e-Newsletter

In Front of the Paver, filled with industry news and updates, is distributed to CAPA Members and our partners approximately every two weeks.

CAPA website – www.co-asphalt.com

Available as a resource 24/7, this year-around resource includes an expansive library of resources, information on specifications, upcoming training opportunities, links to CDOT requirements and research reports.
