

CAPA Membership Directory Update Information needed!

CAPA is preparing the update information for the CAPA Membership directory to be printed later this year and distributed in January. Please look at your current listing in the directory and make any and all appropriate changes for inclusion in the new directory. Space to make the changes is provided below. Once you have completed the changes, submit the NEW information to CAPA, no later than November 15. **Please complete the top portion of this form for all submittals.**

Please return this form even if your directory listing has no changes so we can be sure all of our members have the most current information available printed in the directory when it is published in January. Check the box in the form which indicates the listing information from the current directory remains correct and may be reprinted.
