

March 30, 2020 - As a response to the Covid-19 and related health concerns, the following program decisions have been made.

- All RMAEC education courses and LabCAT certification courses are cancelled through Thursday, April 30. We will work with all persons who were registered for sessions in March and April to get you through the Certification or Re-certification process as quickly as possible once we are able to open the RMAEC again.
- The RMAEC Training Center is closed through Thursday, April 30.
- For Technicians with current certifications that lapse or expire over the next couple of months, the certifications will be extended to at least June 1, 2020. This is consistent with the CDOT Chief Engineer memo dated 3-17-2020 and attached. We are in contact with CDOT and this will be evaluated further by the Chief Engineer and CDOT staff to see if the extension needs to be lengthened as the closures continue.
- We will work with all technicians to reschedule courses to accommodate the impact of Covid-19.
- A decision on whether or not courses will be held starting the week of April 27, 2020 will be made at a later date.

**Thank you for your understanding and support.
BE SMART, STAY SAFE, STAY HEALTHY!**
