

Rocky Mountain
Chapter
American Traffic
Safety Services
Association (ATSSA)

1

Celebrating our past
Driving the future

**Improving the roadway
safety infrastructure
industry through:**

- Training and certifications
- Legislative advocacy
- Member partnerships
- Networking events

2

ATSSA's Core Purpose

TO ADVANCE ROADWAY SAFETY

- Over 1,500 member companies & public agencies
- 28 Chapters covering 45 states & D.C.

ATSSA Snapshot

3

Advocacy

FAST ACT

Fixing America's Surface Transportation Act

- Ensures Highway Safety Improvement Program (HSIP) is **only for infrastructure safety projects & increased funding**.
- Continues Work Zone Safety Grant (WZSG), funding \$3.5 million annually

4

Legislative Briefing & Fly-In

5

Advocacy

State Government Relations

- Follow pending and passed state legislation of importance to ATSSA
- Chapters engage with their state legislators and take positions on state bills through:
 - Advocacy Days at state capitols
 - Letter writing campaigns and calls-to-action
 - Partnering with other industry-related organizations
 - Site visits at their office/facility with state legislators

6

IN-PERSON and ONLINE SAFETY TRAINING

Popular ATSSA courses:

- Traffic Control Technician (TCT)
- Traffic Control Supervisor (TCS)
- Traffic Control Design Specialist (TCDS)
- Flagger Certification
- Operation and Application of Truck-Mounted Attenuators

7

National Work Zone Awareness Week

April 26-30

**Drive Safe.
Work Safe.
Save Lives.**

THE ATSS
FOUNDATION

The
Foundation

American Traffic
Safety Services Foundation

Through the activities of The ATSS Foundation, roadway safety has become a cultural priority. Fallen workers are not forgotten and their families are supported. Decision-makers are motivated to invest in sustaining our message and advancing our mission. Improved safety on our roadways has resulted in a decline in work zone injuries and deaths.
